

IDAHO TRAPPERS ASSOCIATION CONANT FAMILY SCHOLARSHIP APPLICATION

The Idaho Trappers Association (ITA) was founded in 1979 to promote sound conservation, legislation, and administrative procedures to save and faithfully defend from waste the natural resources of Idaho; to promote sound environmental education programs; and to promote a continued annual fur harvest using the best tools presently available for that purpose. ITA's priority objective is to educate young trappers in the harvesting and management of Idaho's resource and to better educate the public on the consumptive use of wild animals as a necessary wildlife management tool. ITA is also a supporter of the National Trappers Association and helps to defend and promote the safe and ethical harvest of furbearing animals and to the preservation and enhancement of their habitats.

Tim Conant and his family have been staunch supporters of the ITA for many years. Tim Conant is a long-time outdoorsman and has dedicated many hours promoting and educating the public on how to minimize conflict between outdoor user groups. ITA is sponsoring this scholarship as recognition of Tim and his family's hard work and dedication to ITA's mission.
